Future Shape of Neonatology and Pediatrics: Accessions, Organizations & Research

Conference Dedicated to Innovate Solution to the Technological Challenges
Your single Destination to reach Largest Assemblage of participants from
Pediatric Community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Researchers with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

Neonatology 2019

Speakers Representation from 50+ Countries

1 Conference | 2 Days | 14th International Conference on Neonatology and Pediatrics

15 Keynote Talks | 75 Plenary Speakers | 17 Interactive sessions

Symposia | Workshops | Best Poster Award

200 Attendees | 50 Professors | and many more . . .

Greetings!

Welcome to most exciting and fascinating London, UK!!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the ***"14th International Conference on Neonatology and Pediatrics"*** scheduled during ***March 14-15, 2019 at London, UK.***

Neonatology 2019 will be organized in a such a way to explore the theme Gathering Towards Advancements in Neonatology and Pediatrics. This event will give you a bookmark in your work diary, we are inspiring you to make it possible. Neonatology 2019 not only amplify your practice and knowledge, it will contribute an exclusive opportunity to build a network with the broad spectrum of professionals and experts in the field of Neonatology and Pediatrics.

Neonatology 2019 is exclusive in aggregating healthcare industries and renowned clinical scientist from Neonatal-perinatal medicine, Neonatal Surgery, Neonatal infections, Neonatal Neurology, Neonatal Nutrition and Neonatal Heart Disease. We hope this event will be an educational and a motivational for upcoming researchers and young scientist forums to get interact with prominent experts in neonatology and pediatrics.

Neonatology 2019 provides a prominent occasion for the scientist and industry experts to exhibit their breathtaking research experiments. The dissolution of ideas and results from the esteemed people in the Neonatology field is extremely potential to enhance the differential diagnosis, therapeutics and preventive measures of Neonatal disease.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!

Sincerely

Alvin Robert

Program Co-ordinator | Neonatology 2019

Organizing Committee

WELCOME MESSAGE

We are back again! Conference that dedicated to Innovate Solution to the Public Health Challenges, one conference which future the shape of Neonatology and Pediatrics. Our Conference will organize and allow to access the global researchers around the world in a single platform. Neonatology 2019 will provide a great opportunity beyond any comparison to attend and network with Neonatology and Pediatrics' Community.

Join us at our Neonatology 2019 to Experience the Global Ambiance with the Researchers who work with similar significance of research. The 14th International Conference on Neonatology and Pediatrics will provide you an excellent platform to have brainstorm idea for diagnosis and management of the Neonatal and Pediatric diseases. Neonatology 2019 will behold of professionals and experts from around the globe who will demonstrate their innovative research for the amelioration of Neonate's health. Neonatology 2019 will be an great platform for you to create long lasting relationship with the fellow researchers from Probiotics Community.

Neonatology 2019 website is attracting Neonatologists, Perinatologists, Neonatal nutritionists, Neonatal researchers, Hospital Administrators, Neonatal Faculty, Neonatal Nurses/Nurse Practitioners, Perinatal Nurses/Nurse Practitioners, Physician Assistants, Research scholars and knowledge seekers.

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Neonatology 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Awards Banquet and Closing Ceremony

Purpose

With members from around the world focused on learning about Neonatology and Pediatrics this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neonatology and Pediatrics to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address the challenges involved in Theoretical & Experimental Physics and provide technologies for the betterment of human life.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Neonatology and Pediatrics
- Discuss and apply recent research findings related to Neonatology and Pediatrics
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

Who should attend?

Neonatologists, Perinatologists, Neonatal nutritionists, Hospital Administrators, Neonatal Faculty, Nurse Practitioners, Nurses, Physician Assistants, Research scientists, Neonatology Organizations and societies, Business delegates, CEO's and R&D Heads from Industries, Directors, Industrial Leaders, Pharmaceutical companies, Pediatric drug Industries, Pediatrics associations & foundations, Professors, researchers and Students who utilize novel techniques and knowledge in diagnosing and treating Neonatal and Pediatrics diseases..

CME & CPD

Neonatology 2019 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee. The live format of this educational activity will be accredited with CME and CPD Credits.

Diverse Action-Oriented Programming & Networking

EXPERIENCE Inspiring change around the country and world, growing a revolution from the heart of Neonatology and Pediatrics research.

EXPLORE the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

PARTICIPATE in afternoon panels and workshops/symposiums on diverse topics of Neonatal-perinatal medicine, Neonatal Surgery, Neonatal disease, Neonatal Neurology, Neonatal Nutrition and Neonatal Heart Diseases and more!

NETWORK with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

SHARE your insights and learning at the conference in participatory and experiential workshops.

DISCOVER powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

CELEBRATE how great a difference one person can make, and how building community amplifies that change.

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full manuscripts in our Open Access Journals

Scientific Sessions

- Neonatology
- Perinatology
- Neonatal Diseases
- Neonatal Infections
- Neonatal Syndromes
- Neonatal Heart Disease
- Neonatal Medicines
- Neonatal-Intensive Care Units
- Neonatal-perinatal Medicine
- Neonatal Surgery
- Neonatal Nutrition
- Neonatal Pulmonology
- Neonatal Ophthalmology
- Neonatal Neurology
- Neonatal Nursing
- Neonatal Research
- Neonatal Statistics

Neonatology 2019 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Neonatology 2019 an unique platform to increase your reputation within the Physics Sector

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

Neonatology 2019 primarily focuses for a destination to entrap research centers, associations, and organizations which are more prominently engaged in neonatal and pediatric diseases. This event will compile world level Neonatologists, Pediatricians, Practitioners, Clinical physicians, Researchers, Directors, Professors, and Students from academia. It will also bring Government officials and global leaders together to establish innovative ideas in the Neonatology and Pediatrics department.

As per the statistical report from The New York Times, United Kingdom has manufactured approximately 20 per cent of the world's best-selling drugs. According to the Office for National Statistics, between 2008 and 2014, up to £8 billion annual revenue was generated by the pharmaceutical sector and its total worth is nearly £30 billion. So, the contribution of the pharmaceutical sector has essentially raised the revenue, for the growth of the national economy. The recent market research has shown that, in 2018, the sector will have grown by 2 per cent and there is a positive progressive growth in the pharmaceutical sector. The production of generic drugs, small molecules, therapeutic proteins, and other specialist services are performed as an important sub-sectors in London.

Importance and Scope

The vital goal of Neonatology 2019 is to build up an efficient platform for the scientists, neonatologists, research scholars, principal investigators, and industry experts to exchange their practical experiences in the field of Neonatology and Pediatrics. This forum will impart meeting and collaboration of the experts in neonatology, pediatricians, researchers, and academics to endeavor new diagnosing techniques, management and prevention of neonatal patients.

The major goal of this conference is to explore and decipher new idea and techniques for neonatal and pediatric diseases. Neonatology 2019 will conduct symposia, workshops, poster presentation, exhibition and other significant events in the diagnosis and management of the Neonatal and Pediatric diseases.

Why London?

London is the most popular city in the United Kingdom. It is a leading global city in the professional services, healthcare, research and development. London holds its five largest medical schools. London is also having the major center for biomedical research, and three of the UK's eight academic health science centers are based in the city. Imperial College Healthcare, UCL Partners, and King's Health Partners are the largest research centers in Europe.

London has the worlds leading financial centers for medical research. London is the most diverse and welcoming city in the world with the best sightseeing attractions and wide varieties of food. It offers world-class facilities and interesting career opportunities for people across the globe.

The UK government is investing around £93.2 million in the health sector to finance biomedical research. The UK has a huge pharmaceutical sector approximately 20% of the world's bestselling drugs are manufactured here. The UK National Health service is recognized as one of the leading health services in the world as it provides free medical care to British Nationals and visitors from EU Countries, Australia, and New Zealand. You can develop a network with clients, companions, proposed partners, vendors and industry experts all in one venue. Coordinating in one location will save your time and travel cost.

The market for neonatal and pediatric disease treatment is a diversified and most competitive sector possess a huge number of competitors. The major competitors are GlaxoSmithKline, Merck & Co, AstraZeneca, Bristol-Myers Squibb company, Oxford Pharmascience and Aspar Pharmaceuticals, among others.

London, city is the capital of United Kingdom. It is among the oldest of the world's great cities-its history spanning nearly two millennia-and one of the most cosmopolitan. By far Britain's largest metropolis, it is also the country's economic, transportation, and cultural centre.

London is situated in south-eastern England, lying astride the River Thames some 50 miles (80 km) upstream from its estuary on the North Sea. This is the home for most of the international organizations and the city is headed by the Lord Mayor of London. The city of London has its own police force, call City of London police. London is considered as both business and tourist destination and visited by millions of people annually.

The Heathrow Airport, London considered as the busiest airport in the world. City of London provides many attractions for visitors. You can visit London museums, see Royal palaces and activities, relax on London parks and many more places for bed and dine. London is considered an expensive city in the world and even though its home for many foreign migrants, still keeping its traditional heritage and surrounding.

Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

Registration and Accommodation

Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before 10 November 2018 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
