Rehabilitation of Stroke

Stroke 2019

## Future Shape of Neurological Disorders and Stroke: Accessions, Organizations & Research

Conference Dedicated to Innovate Solution to the Public Health Challenges  
Your single Destination to reach Largest Assemblage of participants from  
Stroke Community

Opportunity beyond any Comparison to Attend & Network

Experience the Global Ambiance with Researchers with Similar Significance

Make New Associations and Fostering Potential Partnerships

Learning & Knowledge in a Single Package

Worldwide Acknowledgement to your Research Profile

Explore the best in Cutting Edge Research

Learn Beyond your Field of Interest

Professional Development to Elevate your Knowledge and Skills

## Stroke 2019

### Speakers Representation from 50+ Countries

**1 Conference | 3 Days | 8<sup>th</sup> International Conference in Neurological Disorders and Stroke**

**15 Keynote Talks | 75 Plenary Speakers | 14 Interactive sessions**

**Symposia | Workshops | Best Poster Award**

**200 Attendees | 50 Professors | and many more . . .**

## Greetings!

Welcome to most exciting and fascinating London, UK!

Within this splendid setting, we plan to deliver a conference that will exceed your expectations.

During this year's Conference, we hope that you will seize the opportunity to rekindle ongoing connections and spark new ones with your colleagues from around the globe. It's with great pleasure and great honor to invite you to the **"8th International Conference on Neurological Disorders and Stroke"** scheduled during **March 14-16, 2019 at London, United Kingdom.**

Stroke 2019 will be organized in a such a way to explore the theme Innovations in Diagnosis, Therapeutics, and Rehabilitation of Stroke. This event will give you a bookmark in your work diary, we are inspiring you to make it possible. Stroke 2019 not only amplify your practice and knowledge, it will contribute an exclusive opportunity to build a network with the broad spectrum of professionals and experts in the field of neurological disorders and stroke.

Stroke 2019 is exclusive in aggregating healthcare industries and renowned clinical scientist from neurological disorders, mental health, neuropsychiatry, neuroimaging, behavioral neurology, neurosurgery and stroke rehabilitation & recovery. We hope this event will be an educational and a motivational for upcoming researchers and young scientist forums to get interact with prominent experts in neurological disorders.

Stroke 2019 provides a prominent occasion for the scientist and industry experts to exhibit their breathtaking research experiments. The dissolution of ideas and results from the esteemed people in the Neurology field is extremely potential to enhance the differential diagnosis, therapeutics and preventive measures of stroke disease.

This year's Conference program, coupled with the Business Opportunity Exchange, is an event you can't afford to miss!.

Sincerely

*Josephine Grace*

Josephine Grace

Program Co-ordinator | Stroke 2019

Organizing Committee

**W**e are back again! Conference that dedicated to Innovate Solution to the Public Health Challenges, one conference which future the shape of Neurological Disorders and Stroke. Our Conference will organize and allow to access the global researchers around the world in a single platform. Stroke 2019 will provide a great opportunity beyond any comparison to attend and network with Neurological Disorders and Strokes' Community.

Join us at our Stroke 2019 to Experience the Global Ambiance with the Researchers who work with similar significance of research. The 8th International Conference on Neurological Disorders and Stroke will provide you an excellent platform to have brainstorm idea for diagnosis and management of the stroke as well as the neurological disorders. Stroke 2019 will behold of professionals and experts from around the globe who will demonstrate their innovative research for the amelioration of neurological health. Stroke 2019 will be an great platform for you to create long lasting relationship with the fellow researchers from Neurology Community.

Stroke 2019 website is attracting Neurologists, Neurosurgeons and Psychiatrists, Brain Researchers, Neuro Oncologists, Pharmacists, Research scientists, Neurology Organizations and societies, Pharmaceutical companies, Neuro and CNS drug Industries, Neuroscience associations, Professors and Students..

This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

## Stroke 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

## THURSDAY, MARCH 14

08:00-09:00

Registration

09:00-09:30

Opening Ceremony

09:30-10:15

Keynote Forum fi 01

10:15-11:00

Keynote Forum fi 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Keynote Forum – 04

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 01

15:00-16:00

Parallel Session 01-Hall 1

General Session 02-Hall 2

Parallel Session 03-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-18:00

Concurrent Work shops

## FRIDAY, MARCH 15

09:00-09:30

Registration

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Keynote Forum – 03

12:15-12:45

Concurrent Work shops

12:45-13:15

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 02

15:00-16:00

Parallel Session 04-Hall 1

General Session 05-Hall 2

Parallel Session 06-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-18:00

Parallel Session 07-Hall 1

General Session 08-Hall 2

## SATURDAY, MARCH 16

09:00-09:30

Registration

09:30-10:15

Keynote Forum – 01

10:15-11:00

Keynote Forum – 02

11:00-11:30

Networking Reception and Refreshment

11:30-12:15

Plenary Sessions – 03

12:15-12:45

Concurrent Workshops

Business Opportunity Exchange & Lunch

13:15-15:00

Plenary Sessions – 04

15:00-16:00

Parallel Session 09 – Hall 1

General Session 10-Hall 2

Parallel Session 11-Hall 3

16:00-16:30

Networking Reception and Refreshment

16:30-17:00

Awards Banquet and Closing Ceremony

## Purpose

With members from around the world focused on learning about Neurological Disorders and Stroke, this is your single best opportunity to reach the largest assemblage of participants from the scientific community.

Conduct demonstrations, distribute information, meet with eminent personalities, and make a splash with latest research innovations at this outstanding event.

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.
- The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neurological Disorders and Stroke to present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address brain diseases and neurological problems and overcome barriers that limit access to care and services.

## Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Neurological Disorders and Stroke
- Discuss and apply recent research findings related to Neurological Disorders and Stroke
- Disseminate the diverse voices of breakthrough innovators with visionary and practical solutions.

## Who should attend?

Neurologists, Neurosurgeons, Psychiatrists, Brain researchers, Neuro Oncologists, Pharmacists, Research scientists, Neurology Organizations and societies, Business delegates, CEO's and R&D Heads from Industries, Directors, Industrial Leaders, Pharmaceutical companies, Neuro and CNS drug Industries, Neuroscience associations & foundations, Professors and Students from Academia in the study of Neurology and Neuroscience and researchers who utilize novel techniques and knowledge in diagnosing and treating brain and neuronal disorders..

## CME & CPD

Stroke 2019 has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Committee.

The live format of this educational activity will be accredited with CME and CPD Credits.

## Diverse Action-Oriented Programming & Networking

**EXPERIENCE:** Inspiring change around the country and world, growing a revolution from the heart of Neurological Disorders and Stroke research.

**EXPLORE** the forefront of breakthrough ideas and models in electrifying morning keynote talks, featuring luminaries and “the greatest people you’ve never heard of.”

**PARTICIPATE** in afternoon panels and workshops/symposiums on diverse topics of Stroke, Neurological and Brain disorders and more!

**NETWORK** with a community of leadership – dynamic change makers from around the country and world, or from your region, to develop important professional and personal relationships.

**SHARE** your insights and learning at the conference in participatory and experiential workshops.

**DISCOVER** powerful opportunities and strategies for creating and engaging with progressive change in your work, life and community.

**CELEBRATE** how great a difference one person can make, and how building community amplifies that change.

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full manuscripts in our Open Access Journals

## Scientific Sessions

- Neurological Disorders
- Stroke
- Stroke and Mental health
- Dementia
- Cerebrovascular Disease
- Neurosurgery
- Neuropsychiatry
- Neuro Diagnosis and Imaging Techniques
- Stroke and Cerebral Hemorrhage
- Behavioral Neurology
- Stroke and its Management
- Stroke Rehabilitation and Recovery
- Risk Assessment and Prevention of Stroke
- Clinical Trials and Case Studies

## Stroke 2019 Outlook

Explore the best in Cutting edge Research

Change to learn beyond your field of Interest

Keynote sessions by worlds most eminent and distinguished researchers

Conference Participation Inspires, Rejuvenate and Energize participants

Stroke 2019 an unique platform to increase your reputation within the Neurology Sector

Learning and Knowledge in a single package

Speaker's representation from 50+ Countries

**S**troke 2019 primarily focuses for a destination to entrap research centers, associations, and organizations which are more prominently engaged in neurological disorders and stroke. This event will compile world level Neurologists, Psychiatrists, Neurosurgeons, clinical physicians, researchers, Directors, Professors, and Students from academia. It will also bring Government officials and global leaders together to establish innovative ideas in the Neurology department.

Presently, Germany, the U.K., France, Switzerland, Italy, and Spain are the leading countries in the neurological disorder drugs market. The market study indicates that Switzerland will offer several growth opportunities in the overall medical market as awareness of these life-altering diseases grows.

EU Joint Programme on Neurodegenerative Disease Research (JPND) gather 30 countries to increase the research and development by changing the research modalities, programmes and approaches. This has resulted in the creation of the largest global collaboration in the neuroscience field and represents an innovative approach to finding causes, developing treatment and finding appropriate techniques and methods to care for the people with neurodegenerative disease.

### **Importance and Scope**

The vital goal of Stroke 2019 is to build up an efficient platform for the scientists, neurologists, research scholars, principal investigators, and industry experts to exchange their practical experiences in the field of Neuroscience and stroke. This forum will impart meeting and collaboration of the experts in neurology, physicians, researchers, and academics to endeavor new diagnosing techniques, management and prevention of stroke patients.

The major goal of this conference is to explore and inculcate new idea and techniques for neurological diseases and stroke. Stroke 2019 will conduct symposia, workshops, and other significant events in the diagnosis and management of the stroke and neurological disorders.

### **Why London?**

London is the most popular city in the United Kingdom. It is a leading global city in the professional services, healthcare, research and development. London holds its five largest medical schools. London is also having the major center for biomedical research, and three of the UK's eight academic health science centers are based in the city. Imperial College Healthcare, UCL Partners, and King's Health Partners are the largest research centers in Europe.

London has the worlds leading financial centers for medical research. London is the most diverse and welcoming city in the world with the best sightseeing attractions and wide varieties of food. It offers world-class facilities and interesting career opportunities for people across the globe.

The UK government is investing around £93.2 million in the health sector to finance biomedical research. The UK has a huge pharmaceutical sector approximately 20% of the world's bestselling drugs are manufactured here. The UK National Health service is recognized as one of the leading health services in the world as it provides free medical care to British Nationals and visitors from EU Countries, Australia, and New Zealand. You can develop a network with clients, companions, proposed partners, vendors and industry experts all in one venue. Coordinating in one location will save your time and travel cost.

World Health Organization (WHO) has manifested the cerebrovascular diseases as a stroke, headache or a migraine which is the most common cause in most patients. Across the globe, around 80% of the patients with cerebrovascular diseases are manifesting these symptoms.

The market for neurological disease treatment is a diversified and most competitive sector possess a huge number of competitors. The major competitors are Teva Pharmaceutical Industries Ltd., Boehringer Ingelheim GmbH, GlaxoSmithKline plc., Astra Zeneca, Merck & Co., Bayer AG, and F-Hoffmann-La Roche Ltd., among others.

London, city is the capital of United Kingdom. It is among the oldest of the world's great cities-its history spanning nearly two millennia-and one of the most cosmopolitan. By far Britain's largest metropolis, it is also the country's economic, transportation, and cultural centre. London is situated in south-eastern England, lying astride the River Thames some 50 miles (80 km) upstream from its estuary on the North Sea. This is the home for most of the international organizations and the city is headed by the Lord Mayor of London.

The city of London has its own police force, call City of London police. London is considered as both business and tourist destination and visited by millions of people annually. The Heathrow Airport, London considered as the busiest airport in the world. City of London provides many attractions for visitors. You can visit London museums, see Royal palaces and activities, relax on London parks and many more places for bed and dine. London is considered an expensive city in the world and even though its home for many foreign migrants, still keeping its traditional heritage and surrounding.

## Accompany Partners' Policy:

We respectfully remind you that partners accompanying delegates/speakers are not eligible to attend conference sessions and do not qualify for refreshments and lunches during the day unless they have registered.

Any partner wishing to attend events not previously selected and paid for in his or her registration may do so at the Conference Registration desk.

We would be pleased to accommodate any requests where possible.

## Registration and Accommodation

### Policy:

Registration and accommodation changes will not be accepted unless made in writing.

Changes made within 14 days of the event may incur costs due to specific hotel and venue policies

### Cancellation Policy:

Registration cancellations will not be accepted unless made in writing.

Cancellations request made before 10 November 2018 will be refunded less 25% of the Conference Registration fee, to cover administration costs.

No registration refunds will be processed after this date, however, substitute delegates are welcome.
