PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Vancouver is all set for an amazing event as PULSUS proudly presents the “2nd International Congress on Advances in Food Chemistry and Technology” slated on September 14-15, 2018 at Vancouver, Canada.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of food chemistry from around the world to participate in the upcoming Food Chemistry 2018. The meeting for this year will revolve around the theme “New Innovative Technology in Food Chemistry” thus relaying the most cutting edge findings in the field of food chemistry Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Conference Highlights

- Food and Food Chemistry
- Technology in Food Chemistry
- Chemical Additives of Food
- Nutraceuticals
- Kinetics of Food Process
- Chemical Composition of Food
- Intermediary Metabolism
- Food Toxicology
- Balanced Diet, Obesity and Cancer
- Recent Innovation in Food Chemistry
- Probiotics and Prebiotics
- Biotechnology and Nanotechnology in Food
- Food Processing, Preservation and Packaging
- Food Physical Chemistry
- Chemical Fermentation Technology
- Food Analysis and Control
- Food Waste Management, Public Health and Food Safety

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, **Pulsus** Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancement de la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at **Pulsus** Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. **Pulsus** group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives.

Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

About PULSUS

Food is the substance which composed of chemical substance like carbohydrates, vitamins, minerals, enzymes and fats. Food can be consumed by humans for nutrition. Food chemistry is the study of biological and non-biological interaction in food and the chemical changes during food processing, preservation, utilization etc. Food can be classified into energy yielding foods and body building foods. Now the technology has been developed to produce efficiently nutritious food ingredients for healthy food productions. Recent innovation in food technology plays the vital role in converting the nutritional information to the marketing products for the humans. To develop the food with best nutritional value, flavour, textures the many new food technology has been employed.

Target Audience

- Food Researchers
- Health care Faculties
- Professors
- Food chemists
- Scientists
- Health care Institutions
- Dietitians
- Food Technologist
- Medical Colleges
- Industrial Professionals
- Training Institutions
- Business Entrepreneurs
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives
- Educational Institutions

Who should attend?

- Researchers in the field of Food Chemistry and Technology
- Health care associations and Societies
- Training Institutions
- Business Entrepreneurs
- Practitioners in Food Chemistry
- Health care Faculty
- Academic scientists
- Students
- Medical Colleges

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days sharing Evidence Based Nursing practice
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academia Delegates
- Networking
