

International Conference on Catalysis and Pyrolysis 2018

November 05-06, 2018 | San Francisco, California, USA

Advanced catalysis for Energy Conversion, Chemical Transformation, and Computational Catalysis

The International Conference on Catalysis and Pyrolysis during November 05-06, 2018 at San Francisco, USA. We cordially invite all the participants who are interested in sharing their knowledge and research in the area Catalysis and Pyrolysis and its applications with the theme Advanced Catalysis for Energy Conversion, Chemical Transformation, and Computational Catalysis.

Few Eminent Personalities @ ICCP 2018

»» Conference Highlights

- Chemical Reaction Engineering
- Kinetics and catalysis
- Catalysis for Chemical Synthesis
- Bio catalysis, Biotransformation
- Organometallic catalysis and Organocatalysis
- Spectroscopy in Catalysis
- Photo catalysis and Nano Catalysis
- Environmental and green catalysis
- Polymer Engineering
- Pyrolysis
- Biomass: slow pyrolysis and Fast pyrolysis
- Characterization of pyrolysis reaction
- Applications of analytical pyrolysis

»» Benefits

- Young Research Forum Award
- Best Poster Award
- 21 CPD Credits (Continuing Professional Development)
- Certificate Accreditation by the
- International Organizing Committee
- Workshops on current research and latest trends
- Training Sessions
- Experts Symposia's
- Access to all Scientific and Technical Sessions
- One to One pre scheduled meeting
- Abstracts will be published in conference proceedings
- Souvenirs & International Journals
- 70% abatement on manuscript publication
- Ask the Expert Forums
- Pre-Conference and Post-Conference Networking
- 10% abatement on International conferences membership
- Proceedings on latest and cutting edge research
- Complete Conference Kit

»» Why to attend?

This ICCP 2018 meeting creates a platform for Policy-makers, Scientists, representatives and decision makers in Catalysis and pyrolysis to present their latest catalytic and pyrolytic research and learn about all the important developments in catalysis and pyrolysis research. The applications of catalysis and pyrolysis include Catalyst Design, Synthesis Reaction Dynamics and Operando Characterization, Hydrogen Production, Waste treatment, Environmental, Geochemical, Biological, Medical, Forensic and Energy production.

Important Dates

Abstract submission opens: November 06, 2017
Abstract submission closes: November 04, 2018
On spot Registrations: November 05, 2018
