PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen from thought leaders, or rub elbows with pioneers across the globe. Toronto is all set for an amazing event as PULSUS “4th International Congress on Advances in Food Chemistry and Technology” slated on June 10-11, 2019 at Philadelphia.

PULSUS cordially welcome researchers, academicians, students and business professionals in the field of food chemistry world to participate in the upcoming Food Chemistry 2019. The meeting for this year will revolve around the theme “Advances in Food Chemistry and Technology” thus relaying the most cutting edge findings in the field of food chemistry Research. This is going to be an event to look forward to for its enlightening symposiums & workshops from established experts and keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representative Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. We also avail exciting early bird discounts.

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in 2012 and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in medical research with integrity. As an ardent supporter of medical publishing, **Pulsus** Group closely associates with international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Surgery, Association pour l'Avancement de la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of journals and focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at **Pulsus** Group annual conferences. You can meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from North America, Middle East, Africa and The Asia-Pacific region. **Pulsus** group is closely associated with globally renowned academic institutions.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with diverse perspectives.

Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the challenges and opportunities in the communities we serve.

Benefits

<https://food-chemistry-technology.pulsusconference.com/>

Food is the substance which composed of chemical substance like carbohydrates, vitamins, minerals, enzymes and fats by humans for nutrition. Food chemistry is the study of biological and non-biological interaction in food and the chemical processing, preservation, utilization etc. Food can be classified into energy yielding foods and body building foods. Food technology has been developed to produce efficiently nutritious food ingredients for healthy food productions. Recent innovation in food technology has a vital role in converting the nutritional information to the marketing products for the humans. To develop the food with better flavour, textures the many new food technology has been employed.

Target Audience

- Food Researchers
- Health care Faculties
- Professors
- Food chemists
- Scientists
- Health care Institutions
- Dietitians
- Food Technologist
- Medical Colleges
- Industrial Professionals
- Training Institutions
- Business Entrepreneurs
- Directors/Managers/CEO's
- Presidents & Vice Presidents
- Brand Manufacturers/ Marketers of Consumer Products
- Marketing, Advertising and Promotion Agency Executives
- Educational Institutions

Who should attend?

- Researchers in the field of Food Chemistry
- Health care associations and Societies
- Training Institutions
- Business Entrepreneurs
- Practitioners in Food Chemistry
- Health care Faculty
- Academic scientists
- Students
- Medical Colleges

Why to attend?

- 10+ Keynote Speaker Session
- 50+ speaker faculty over 2 full days of the conference
- Nursing practice
- 5+ Workshops
- 13 Interactive sessions
- Mixture of Health care units and Academic
- Networking
