

ASIA BATTERY FAIR

GRANDEUR EXHIBITION GROUP  
鸿威会展集团

**OFFICIAL  
POST-SHOW  
REPORT**

# THE 4TH ASIA BATTERY SOURCING FAIR 2019 **GBF ASIA 2019**

- ✓ AUGUST 16TH-18TH, 2019
- ✓ CHINA IMPORT & EXPORT FAIR COMPLEX
- ✓ [www.battery-expo.com](http://www.battery-expo.com)

## China's **Biggest** Battery Trade Show in 2019!

---- Battery exhibitors quadrupled to **160+**, gathering nearly whole China's top battery maker.

Chinese Academy of Sciences, Dongguan Lithium Battery Industry Association and Guangdong Battery Industry Association organized their member enterprises to exhibit at the show;

Quality buyers from more than **30** countries and regions, including USA, **Germany**, Japan, Korea, Canada, **India**, **Indonesia**, Malaysia, Thailand, France and etc.

**25,000 SQ.M**  
(UP 25%)

**400+ BRANDS**  
(UP 18%)

**25,000+ VISITS**  
(UP 14.6%)

**1500+ OVERSEAS  
BUYERS**  
(UP 25%)

# KNOW OUR EXHIBITORS!

Four Exhibition Areas

Partial Handpicked Exhibitors As Shown On The Right:

## 42% Batteries (Cells & Packs)

COSMX, Great Power, Aoyou Power, Sinowatt, Cham Battery, Zhihang New Energy, ROOFER, Rovilus (Taiwan, China), Shengli Energy, ANC New Energy Technology, and etc.

## 23% Production & Testing Equipment

Mikrouna (Germany), TNS (Korea), Zhongmai, Yi Xin Feng, Foryou Corporation, EST, DECENT Technology, Readytek, Waisana, BENICE, and etc

## 14% Accessories

3M (USA), Saipuke, Pinnacle Material, KEDA, Mexico ST. Technology, WEDAFR, Lihong Fine Chemicals

## 21% Battery Materials

Fine Chemical Manufacturing, Chuangtengda Precision Hardware, Xionsi Sensor, Kairufeng New Material, Chaorong Hardware, and etc

## Chinese Battery Makers, a Rising Force in the Global Market!

Besides the remarkable **70%** global share and output of **power batteries, storage batteries, and 3C batteries**, China is also building up its international competitiveness, by bringing about an increasing number of excellent batteries, equipment and materials makers with world-leading technologies and products.

*The Chinese exhibitors introduced here are not only national champions, but also emerging stars in the global arena.*

### Materials Suppliers

Established in 2000, Tinci is one of the earliest lithium battery electrolyte manufacturers in China, with 25 wholly-owned and share-hold companies. As a state recognized high-tech enterprise, it has taken part in various national and provincial projects, playing a leader role in China's battery industry.

## Battery Makers

### LISHEN

Headquartered in Tianjin, Lishen is one of the world's top lithium battery makers, with 6 production bases located in Qingdao, Shiyao, Suzhou, Wuhan, Changsha, and Mianyang, collectively producing 10GWh batteries per year. Its plan is to expand its capacity to 30GWh by 2020, and 60GWh by 2025.

### BAK

BAK is one of the fastest growing battery makers in China. By the end of 2018, BAK was the only Chinese company that had realized the mass production and installation of high nickel batteries. In the first half of 2019, it claimed the biggest national market share of high-nickel cylinder batteries.

## Equipment Makers

### 正业科技 ZHENGYE TECHNOLOGY

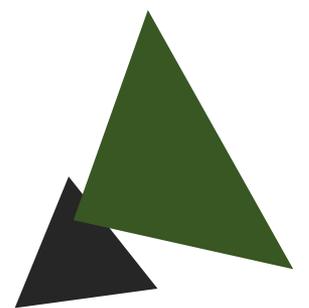

Founded in 1997, Zhengye Technology produces smart testing and production equipment for PCB, lithium batteries, and LCD panels. There are more than 700 experts in its R&D team, accounting for 35% staff. So far, the company has gained over 700+ patents, winning dozens of national and provincial invention awards.

### XCJ 诚捷智能

XCJ is an expert in fully automated winding machines, pelleters, and stacking machines for lithium batteries and supercapacitors. The company offers more than 100 types of winding machines, exporting to 13 countries. Over 800 clients and 70 listed companies worldwide have chosen their products and services!

## Ideal Gateway for International Exhibitors Expanding in Asia

There were also many first-time overseas exhibitors, either new or established player in the Asian market, exhibiting to expand their market share, and here is what they said about the show.

One of the leading fastener manufacturers in the world since 1933, has established sales office in Shanghai, East China, and this time they have come to make new contacts in South China. They said the show was a great success and 150+ companies have visited their booth in 3 days!

-----Hugo Benzing  
(Germany)

The world's largest fully integrated producer of nylon 6,6 resin, with their Chinese headquarter in Shanghai and sales office in Guangzhou, has entered China for a decade. They said the visitor foot traffic of GBF ASIA was one of the biggest among all the other shows they had ever attended before.

-----Ascend Performance  
Materials (USA)

specializing in assembly line, coater, slitter, presser, laminator and pilot equipment, had their eye on the emerging Indian market besides China. They were overall very satisfied with the Indian business leads they gained at the show, and they especially loved the China Battery Industry International Trade Forum, where they met several Indian speakers and had very productive conversations with them after the forum.

-----Master (Korea)

## Matching Demand With Supply! China Battery Industry International Trade Forum

Co-organized by Dongguan Lithium Battery Industry Association, this high-caliber event was purposed to prepare global battery vendors for emerging markets, by inviting a dozen of international buyer delegates to introduce market demands, market access, access modes, and industry policies in India. Europe. Australia. China and so on.

### Four Sessions

- ❖ Global Market Demand
- ❖ Battery Industry & Macro Market
- ❖ India Market Demand
- ❖ New Products Launch by Chinese Exhibitors

To create more **networking opportunities** for our forum attendees, the organizer held a buffer dinner party on the 16th, hosting **100+** overseas buyers and **200+** suppliers.

## ➤ 13 Countries Involved

Australia, Brazil,  
Germany, Canada, USA,  
UK, Singapore,  
Bangladesh, Nepal,  
Thailand, Philippines,  
Hungary, India, Korea,  
and China.

## Partial Speakers

**Debi Prasad Dash**  
Executive Director  
India Energy Storage  
Alliance (IESA)

**Ionna Trofimova Elliot**  
Director  
The Association for  
Borderless Renewables

**Peng Yuanyuan**  
Engineer  
TÜV SÜD GROUP

**Hao Zhi**  
China Representative  
State Development  
Corporation of Thuringia

**Raj Singh Niranjana**  
Founder  
Dr.Gopal Energy  
Foundation

**John Grimes**  
Chairman  
Smart Energy  
Council

**Robert Herzner**  
China Director  
Germany Trade &  
Invest

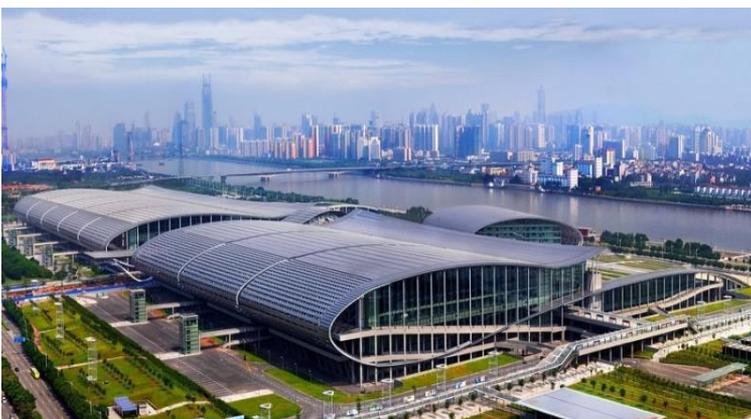

**Zhang Zuhua**  
Battery Expert  
SIEMEN

**See You Next Year! Same Date, Same Venue!**

**August 16-18, 2020 at China Import&Export Fair Complex**
