

The Mexican Petroleum Congress is the most important international event in Mexico related to the Petroleum Industry and is the result of a continuous improvement effort during the last 14 years. Issue number XV will be examined in Monterrey, Nuevo León, from June 24th to 27th, 2020.

We are pleased and proud to invite you to the XV edition of the Mexican Petroleum Congress, an emblematic event for the national oil industry and which projects Mexico worldwide.

The Guild Associations related to engineering in earth sciences and the oil industry, all of them without fines, joined their potentials with the aim of promoting knowledge and technical and technological updating that will help Mexico, optimally, the hydrocarbons of the nation.

The group consists of the College of Petroleum Engineers of Mexico, the Mexican Association of Petroleum Geologists, the Mexican Association of Exploration Geophysicists, the Society of Petroleum Engineers, Mexico Section and the Association of Petroleum Engineers of Mexico, which has the honor of leading the activities during this year.

The Congress is designed for technological and scientific exchange, annually brings together more than 8 thousand specialists from around the world, research institutions, educational institutions, federal government entities, specialized operating and service companies.

In addition to the technological and industrial exhibition of more than 18 thousand square meters, we have more than 350 technical conferences, in modalities of keynote lectures, oral sessions, poster sessions and short courses. The works selected by our committee of technical experts will be specific by specialists from various parts of the world and from a large number of companies, private and national and public institutions and universities.

Among the most important additional benefits of the forum, we have training through high specialty courses and productive interaction between government officials, regulators, operating companies, service providers and industry users through business tables.

I invite you to be part of the fifteenth Mexican Petroleum Congress, Monterrey 2020. It will be a great experience that will result in tangible benefits for congressmen, participating companies and government entities.

With the pleasure of receiving you, you are all welcome.

Dr. Néstor Martínez Romero
CMP 2020 Executive Coordinator
