# INTRODUCTION

On behalf of our Scientex Conference committee, we are happy to welcome all our professional scholars, researchers, doctors and beloved students to be a part of the **"International Conference on Global Healthcare"** on **May 22-23, 2023** in **Tokyo, Japan**.

The **Global Healthcare 2023** consists of several sessions to present researches in the category of keynote, plenary, poster, exhibitor, workshop, video presentation, e-poster and YRF.

The gathering will be oriented on the theme ***"To explore the advancement and emerging techniques in Healthcare"***

The primary goal of this conference is to invite our attendees to participate the Upcoming Global Healthcare conference **ICGH2023** scheduled on **May 22-23, 2023** in **Tokyo, Japan**, to share and exchange their knowledge.

We are having B2B networking which will grow business networks for doctors, physicians and business professional.

Join our team Global Healthcare 2023 at this beautiful city of Japan and let's make this professional gathering a great success.

Regards,  
**Organizing Committee**  
**Global Healthcare 2023**

# ABOUT THE EVENT

Global Healthcare 2023 is a global platform for business delegates, B2B meetings, poster presentations, workshops, symposia, networking and more. It will offer a platform wherein you can ensure enormous exposure and networking by exhibiting products and services. Grab the opportunities and share your innovative ideas, new technologies and recent researches.

**Global Healthcare 2023** witness an amalgamation of peerless speakers who enlightened the gathering with their contribution towards Public Health, Primary Healthcare, Women's Healthcare, Psychology and Mental Health, Pharmaceutical Science, Pediatrics and Neonatology, Nutraceuticals and Food Science, Neurology Care, Palliative Healthcare, Diabetes and Endocrinology, Nutrition, Aging and Health, Oncology, Chronic and Infectious Diseases, Surgery, Orthopedics and Rheumatology, Medicine, Healthcare Nursing, COVID 19 and Role of Healthcare, E- Health, Recent Advancement in Healthcare and so on.

The centre of the activity of Global Healthcare 2023 is to produce a clear visual definition by undergoing Oral Presentation, Poster presentation, Workshop, Exhibition, networking and interacting session.

With the great support of our Conference Committee members, we are expecting huge response and support from the Doctor of medicine, Psychologists and mental health educators, dentist, Surgeon, Neurologist, Healthcare Companies, gynaecologists and Obstetricians, Pharmacologists and Psychiatrists, Drug Manufacturers, Neonatologists, Pediatricians, physiotherapist, Rheumatologist, nurse-midwife, Healthcare Professionals, nutraceutical, Oncologist, Medical Research institutions, Academicians, Students, Scholars and Clinical Research Organization to have your gracious presence in this huge event and to make this congress a great successful event of the year 2023.

Tokyo, a most populous and busiest capital of Japan is famous for its numerous attractions and advancements. We proudly present the "**International Conference on Global Healthcare**" in this beautiful city on **May 22-23, 2023**.

- ☐ Great chance to be a part of expert gathering Worldwide
- ☐ Acquire designated Expertise
- ☐ Spot yourself as an Expert
- ☐ Explore new Innovations
- ☐ Exchange your Ideas
- ☐ Achieve new Sponsors and Collaborations
- ☐ Share your Recent research and innovations
- ☐ Explore Tokyo City with your friends and family

Tokyo was formerly (until 1868) referred to as Edo, the name of the tiny fishing village that existed on the site for centuries. Edo's development into a city didn't occur until the Tokugawa period (1603–1867), when it became the capital of the Tokugawa shogunate. During this era, however, the imperial family remained in Kyoto, the traditional imperial capital. With the Meiji Restoration of 1868, which ended the shogunate, the capital was moved to Edo, and therefore, the city was renamed Tokyo, meaning "eastern capital." The Tokyo Skytree is the world's largest skyscraper, consistent with Guinness World Records. While the tower was being built, its developers discovered that the Canton Tower, erected at about the same time in Guangzhou, China, would be roughly the identical size as the Skytree; soon after, an antenna 20 metres (67 feet) tall was installed at the top of the Skytree. The blossoming of cherry trees, referred to as sakura in Japan, has traditionally heralded the approaching of spring in Japan; in an annual practise that began in 1951, meteorologists publicly forecast the much-anticipated blossoming of cherry trees annually.

The history of the city may be discovered in neighbourhoods such as Asakusa, as well as other well-known museums, historic temples, and parks. Contrary to common assumption, Tokyo boasts several wonderful green locations both in the city centre and on the outskirts, all of which are accessible by rail. A rising number of Tokyo locations, from cafés to railway stations to airports, offer high-speed Internet access via free Wi-Fi. Wi-Fi emblems are visible in areas where services are offered.

From March to May, there is also great weather for tourism and magnificent natural acts that attract tourists and visitors.

# ENROLL YOURSELF

Registration type	Early Bird	Mid-Term	Final Call
Speaker	\$799	\$899	\$999
Student	\$499	\$599	\$699
Webinar	\$399	\$499	\$599
