Heart Congress 2018

PULSUS

WWW.PULSUSCONFERENCE.COM

PULSUS brings in a new spin on conferences by presenting the latest scientific improvements in your field. Listen to motivating keynotes from thought leaders, or rub elbows with pioneers across the globe. Osaka, Japan is all set for an amazing event as **PULSUS** proudly presents the “2nd Global Heart Congress slated on August 20-21, 2018 at Osaka, Japan.

Pulsus cordially welcome researchers, academicians, students and business professionals in the field of Cardiology from around the world to participate in the upcoming Heart Congress 2018. The meeting for this year will revolve around the theme “Cardiac Update and Health Care of Computational Heart” thus relaying the most cutting edge findings in the field of Cancer Research. The two day meeting is going to be an event to look forward to for its enlightening symposiums & workshops from established experts of the field, exceptional keynote sessions directed by the best in the business. It will also prove to be a brilliant open door for the representatives from Universities and Institutes to cooperate with the world class researchers and an outstanding opportunity for businesses keen at expanding their global market reach. Interested individuals can confirm their participation by registering for the conference along with their colleagues. Register soon and avail exciting early bird discounts.

Regards

Heart Congress 2018

Organizing Committee

Conference Highlights

- Cardiology
- Rheumatic Heart Disease
- Heart Disease and Diagnostics Test

Invitation

Pulsus Group is an internationally renowned medical peer-review publisher and conferences organizer established in the year 1984 publishes and hosts the work of researchers in a manner that exemplifies the highest standards in research integrity.

PULSUS conferences act as a catalyst on the research trends that really matter and spurring their adoption by exploring and disseminating cutting-edge information. Thus, mainly adhere to stringent peer-review procedure with a view to set an example in promoting standard medical research with integrity. As an ardent supporter of medical publishing, **Pulsus** Group closely associates with the Canadian and other international medical research associations like Canadian Society of Plastic Surgeons, Canadian Society for Aesthetic Plastic Surgery, Groupe pour l'Avancement de la Microchirurgie Canada, Canadian Society for Surgery of the Hand. It publishes a wide range of medical journals that focus on medical specialties like cardiology, Integrative Medicine, Surgery and Reproductive Medicine.

Pulsus Conferences explore the future by connecting minds and spreading brilliance at **Pulsus** Group annual conferences & meetings. Meet your colleagues, discuss your specialty, spread and aid, learn & grow in association with 1000+ scientific societies from The USA, Europe, The Middle East, Africa and The Asia-Pacific region. **Pulsus** group is closely associated with globally renowned academic and research societies.

Pulsus Conferences believe that true technology and innovation depends on hearing from, and listening to, people with a variety of perspectives.

Pulsus Conferences enhances the technology for people from underrepresented groups by actively recruiting diverse speakers for our events, signing up a broad variety of authors for journals and videos, and taking part in ongoing conversations about the value of diversity in the communities we serve.

About PULSUS

The market for cardiology technologies reached an estimated \$10.2 billion in 2012. According to a new study by Smithers Apex – The Future of Coronary Artery Disease Medical Devices to 2020 – it will grow to \$22.5 billion (€20.9 billion) by 2020, with a year-on-year increase of 9.1%. Demand for coronary artery disease medical devices will grow through 2021 as clinically viable and cost-effective solutions are developed. The report covers three major segments of cardiology surgery, devices and drugs market which includes surgeries, devices and drugs. Cardiovascular diseases are the number one cause of death globally. Some of the major CVDs include coronary heart diseases, stroke, hypertensive heart diseases, inflammatory heart diseases, rheumatoid heart diseases and others.

Target Audience

- Cardiologist
- Medical Colleges
- Research faculty
- Academic Scientists
- Students
- Diagnostic laboratory professionals

Osaka prefecture located in the center of Kinki region Midwest Japan, but boasts of largest population and highest population density second only after the capital, Tokyo. Mountains surround three sides of the prefecture and the west faces the arc-shaped Osaka Bay. Since it is close to former capitals of Japan Kyoto and Nara, it prospered as an important point for water transportation and land as well as a commercial city. In the Osaka City is the Osaka Castle with a five-layer donjon as its core, on a lawn park that stretches for about 60,000 square meters. During the cherry blossom season in the spring, this park is especially crowded with hanami (cherry blossom viewing) crowd. Osaka's north gate, Umeda, has a gigantic stretch of underground mall that houses many restaurants, fashion and sundry goods stores.
